565	1/9	Nexen Exploration Norge AS (operator) Dana Petroleum Norway AS	60 40	Reprocess 3D seismic, do G&G studies, and within 2 years from award, decide Drill or Drop. Within 4 years from award, drill exploration well, do feasibility studies and decide to Concretize (BoK) or drop. Within 6 years from award, perform conceptual studies and decide on Continuation (BoV) or drop. Within 7 years from award, prepare development plan and decide to submit PDO or drop.
566 S	2/8, 9, 11 Part of block 2/8 is stratigraphic: applies to all levels below base Shetlandgr.	Nexen Exploration Norge AS (operator) RWE Dea Norge AS Petoro AS	50 30 20	Acquire/reprocess and merge 3D seismic and do G&G studies. Within 2 years from award, decide Drill or Drop. Within 4 years from award, drill exploration well, do feasibility studies and decide to Concretize (BoK) or drop. Within 6 years from award, perform conceptual studies and decide on Continuation (BoV) or drop. Within 7 years from award, prepare development plan and decide to submit PDO or drop.
494 B	2/6, 2/9	Dana Petroleum Norway AS (operator) Bridge Energy Norge AS Det norske oljeselskap ASA	40 30 30	Work program and decisions as for PL 494
567	2/6	Premier Oil Norge AS (operator) Det norske oljeselskap ASA	60 40	Reprocess 3D seismic over awarded acreage and do G&G studies. Within 2 years from award, decide Drill or Drop. Within 4 years from award, drill exploration well, do feasibility studies and decide to Concretize (BoK) or drop. Within 6 years from award, perform conceptual studies and decide on Continuation (BoV) or drop. Within 7 years from award, prepare development plan and decide to submit PDO or drop.
301 D	7/8, 7/11	Lundin Norway AS (operator) Skeie Oil & Gas AS	40 60	Work program and decisions as for PL 301
568	7/1, 7/2, 16/10	Talisman Energy Norge AS (operator) Det norske oljeselskap ASA Edison International Norway Branch Skagen44 AS Petoro AS	40 20 10 10 20	Do G&G studies and drill one firm exploration well. Within 3 years from award, do feasibility studies and decide to Concretize (BoK) or drop. Within 5 years from award, perform conceptual studies and decide on Continuation (BoV) or drop. Within 6 years from award, prepare development plan and decide to submit PDO or drop.
409 B	16/10, 16/11	Lundin Norway AS (operator) Bayerngas Norge AS Statoil Petroleum AS	70 20 10	Work program and decisions as for PL 409
360 B	16/11	Statoil Petroleum AS (operator) DONG E&P Norge AS Wintershall Norge ASA Norwegian Energy Company ASA	50 20 15 15	Work program and decisions as for PL 360
569	16/4	Statoil Petroleum AS (operator) ExxonMobil Exploration & Production Norway AS Total E&P Norge AS	59,6 30,4 10	Drill 1 firm exploration well, which also shall test Hugin Fm in Jurassic. Within 2 years from award, do feasibility studies and decide to Concretize (BoK) or drop. Within 3 years from award, perform conceptual studies and decide on Continuation (BoV) or drop. Within 4 years from award, prepare development plan and decide to submit PDO or drop.
503 B	17/5, 6, 9	Lotos Exploration and Production Norge AS (operator) Edison International Norway Branch Skagen44 AS North Energy ASA (4Sea Energy AS)	25 25 25 25	Work program and decisions as for PL 503
501 B	16/3, 16/6	Lundin Norway AS (operator) Statoil Petroleum AS Maersk Oil Norway AS	40 40 20	Work program and decisions as for PL 501
570	25/10	VNG Norge AS (operator) Lundin Norway AS Marathon Petroleum Norge AS	40 30 30	Do G&G studies, and within 2 years from award, decide Drill or Drop. Within 4 years from award, drill exploration well, do feasibility studies and decide to Concretize (BoK) or drop. Within 6 years from award, perform conceptual studies and decide on Continuation (BoV) or drop. Within 7 years from award, prepare development plan and decide to submit PDO or drop.
571	25/7, 25/10	Petro-Canada Norge AS (operator) Det norske oljeselskap ASA	60 40	Acquire 3D seismic and do G&G studies, and within 2 years from award, decide Drill or Drop. Within 4 years from award, drill exploration well, which also shall test Triassic, do feasibility studies and decide to Concretize (BoK) or drop. Within 5 years from award, perform conceptual studies and decide on Continuation (BoV) or drop. Within 6 years from award, prepare development plan and decide to submit PDO or drop.
150 B	24/9	Marathon Petroleum Norge AS (operator) Lundin Norway AS	65 35	Within 1 year from award, decide continuation into extension period or drop.
506 BS	26/2 Stratigraphic license: applies to all levels above base Cretaceous	Rocksource ASA (operator) Front Exploration AS Petoro AS	50 30 20	Work program and decisions as for PL 506 S
506 CS	26/5, 8 Stratigraphic license: applies to all levels between top and base Cretaceous	Rocksource ASA (operator) Front Exploration AS Petoro AS	50 30 20	Work program and decisions as for PL 506 S
572 S	26/2, 31/11 Stratigraphic license: applies to all levels below base Cretaceous	E.ON Ruhrgas Norge AS (operator) Rocksource ASA	55 45	Do G&G studies and within 1 year from award, decide to acquire 3D seismic or drop. Within 3 years from award, acquire 3D seismic over prospective acreage and decide Drill or Drop. Within 5 years from award, drill exploration well, do feasibility studies and decide to Concretize (BoK) or drop. Within 7 years from award, perform conceptual studies and decide on Continuation (BoV) or drop. Within 8 years from award, prepare development plan and decide to submit PDO or drop.
573 S	25/1, 30/10 Stratigraphic license: applies to all levels above top Cretaceous	Det norske oljeselskap ASA (operator) Bayerngas Norge AS Dana Petroleum Norway AS Svenska Petroleum Exploration AS	35 20 20 25	Do G&G studies, and within 2 years from award, decide Drill or Drop. Within 4 years from award, drill exploration well, do feasibility studies and decide to Concretize (BoK) or drop. Within 6 years from award, perform conceptual studies and decide on Continuation (BoV) or drop. Within 7 years from award, prepare development plan and decide to submit PDO or drop.
