

# Talooyinka dawladda ee fasaxa booskaha

Waxa soo dhow fasaxii booskaha (iistarka), taas darteed waxa ay dawladdu soo jeedinaysaa talooyin ku saabsan sida loo qaadanayo fasaxa iyada oo isla markaana laga hortago faafitaanka cudurka.

Talooyinku waxay ku salaysan yihii qimayn iyo soo jeedinno ka yimi Agaasinka Caafimaadka iyo Machadka Caafimaadka Dadweynaha.

- Xaaladda faafitaanka koroonada ee Norway waa mid aan degganayn, isla markaana faafitaanku kor ayuu u sii kacayey toddobaadyadii u dambeeyey. Waxannu werwer ka qabnaa cawaaqibka ka dhalan kara haddii dad badan safar galaan oo ay dad kale la kulmaan xilliga iistarka, ayuu yidhi wasiirka caafimaadka iyo daryeelka, Bent Høie.

Si dhow ayaa loola socdaa xaaladda faafitaanka, isla markaana wax-ka-beddel degdeg ah ayaa lagu samayn karaa tallaabooyinka ka hortagga faafitaanka. Taladii ku saabsanayd iska dhaafidda safarrada laga maarmi karo ee gudaha Norway way khuseysaa xataa xilliga booskaha. Waxa la soo jeedinaya in la iska dhaafio safarrada dibedda, haddii aanay ahayn daruuri.

- Inkastoo safarrada lagu tago guri-fasaxeet ku yaalla Norway aan loo arkin wax daruuri ah, haddana dadku waa ay tegi karaa guri-fasaxeetka xilliga booskaha haddii ay sameeyaan tixgelinno ku saabsan ka hortagga faafitaanka oo dheeraad ah. Waxannu markaa ku talinaynaa in wixii loo baahan yahay hore loo sii iibsado, in la iska dhaafio raacitaanka gaadiidka dadweynaha haddii ay suurtagal tahay iyo in dadka laga fogaado, ayuu yidhi Høie.

Haddii aad xannuunsanayso, waxa wakan in aad guriga joogto xilliga booskaha. Haddii aad xannuunsato adiga oo jooga guri-fasaxeetka, waxa wakan in aad aaddo gurigaaga. Haddii aad ku jirto karantiil ama aad sugayso jawaabta tijaabo lagaa qaaday, waxa wakan in aad joogto guriga. Waxa wakan in dadka deggan aagagga cudurku ku badan yahay, tusaale ahaan Oslo, aanay aadin hoteel ama goobaha jiifka ee dadka badani isugu yimaado.

- Waxannu soo jeedinaynaa in qof kastaa intii hore ka yareeyo dadka ay isla joogayaan iyo in kulannada iyo firfircooni la samaynayo inta ugu badan lagu sameeyo dibedda, ayuu yidhi Høie.

Cibaadooyinka kaniisadaha iyo munaasabadaha diimeed ee kale waxa ay dad badani u arkaan qayb muhiim ah oo ka mid ah booskaha. Dadku waa ay ka qaybgeli karaan cibaadooyinka kananiisadaha iyo munaasabadaha diimeed ee ka dhacaya meesha ay deggan yihiin, laakiin waxa wacan in ay iska dhaafaan isu-immaanshaha noocaas ah ee ka dhacaya meel ka baxsan degmadooda.
