

## Production of oil and gas on the NCS

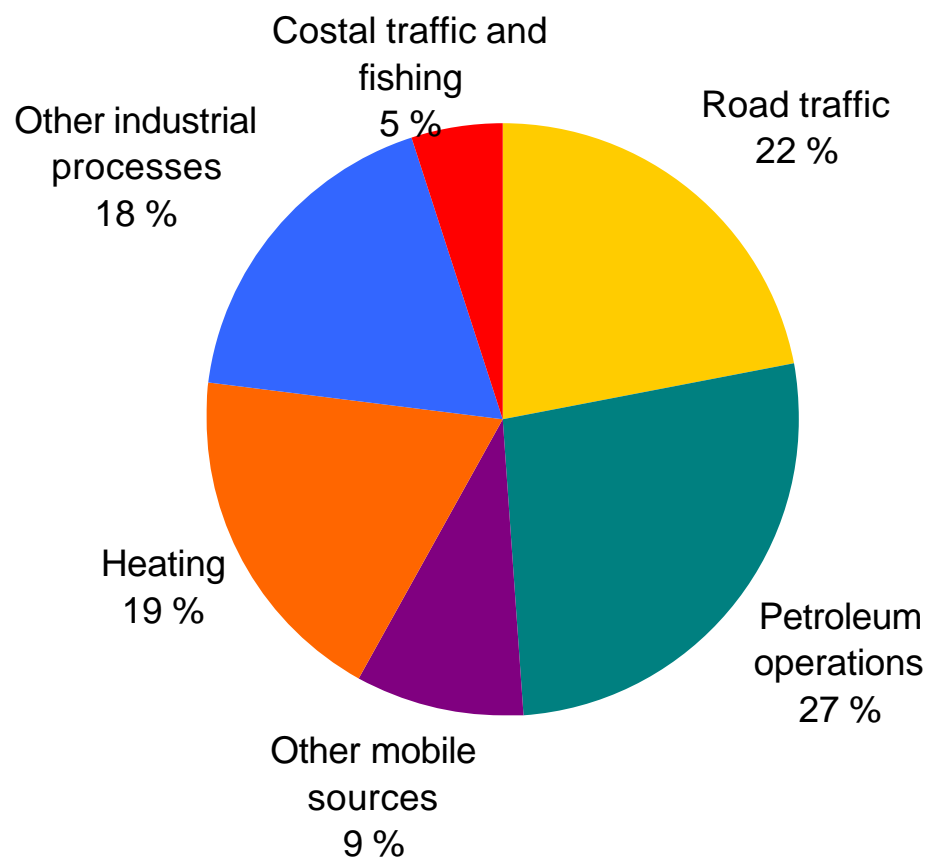

## Government's net cash flow from the petroleum activities 1988-2001

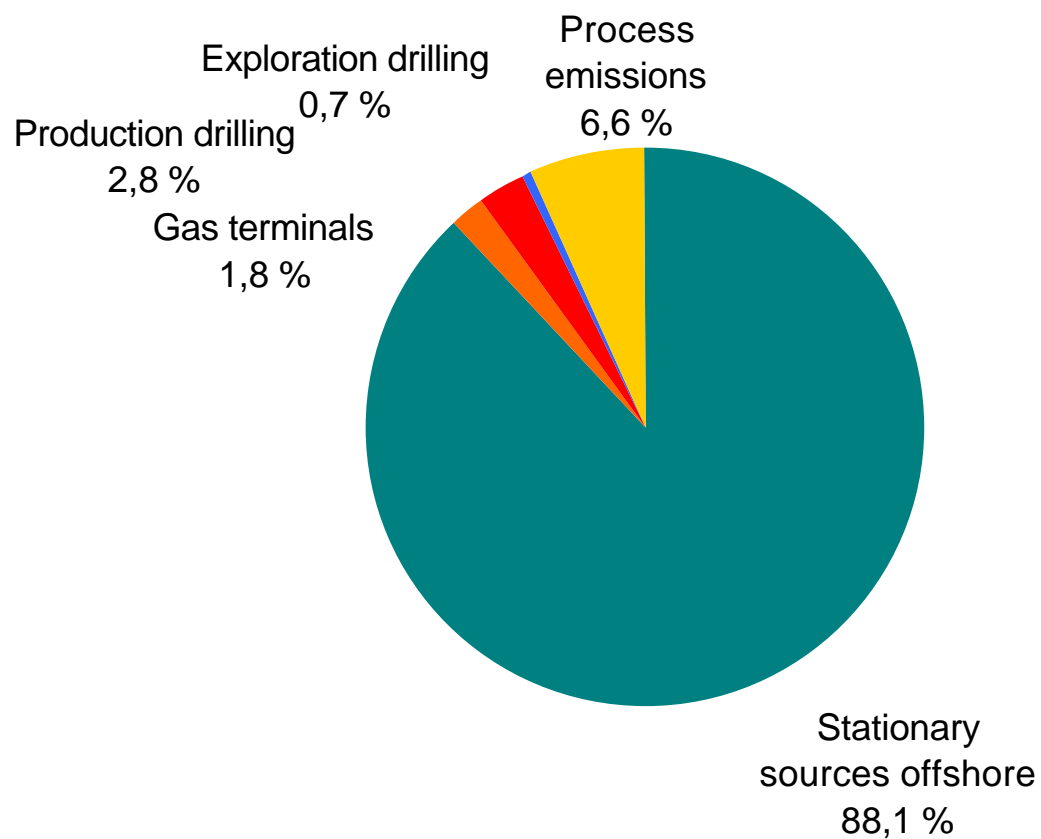

## Sources of Norwegian carbon dioxide emissions, 2000

---

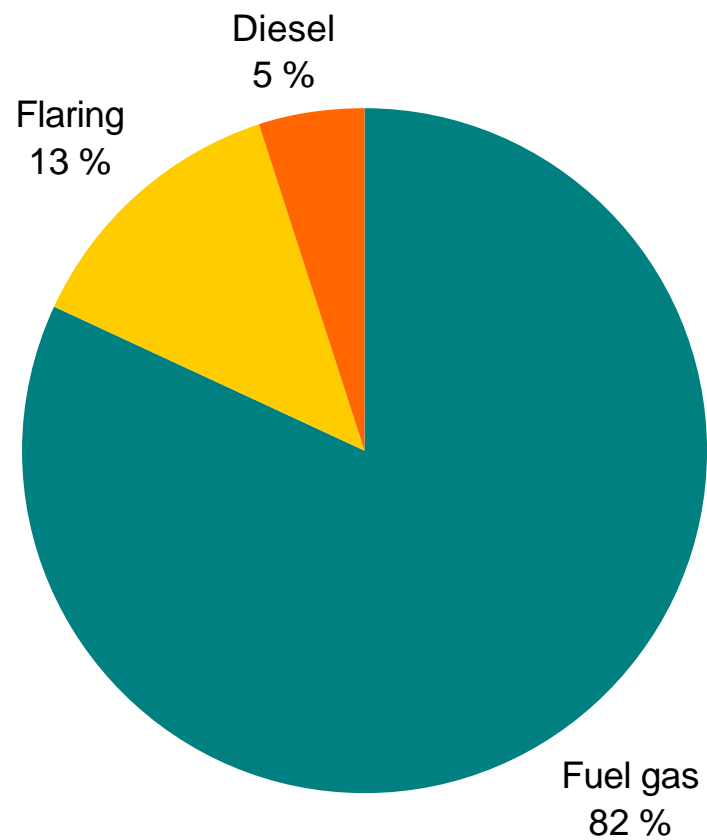

## Carbon dioxide emissions from petroleum activities in 2000 by source

## Taxed carbon dioxide emissions from oil and gas production by source

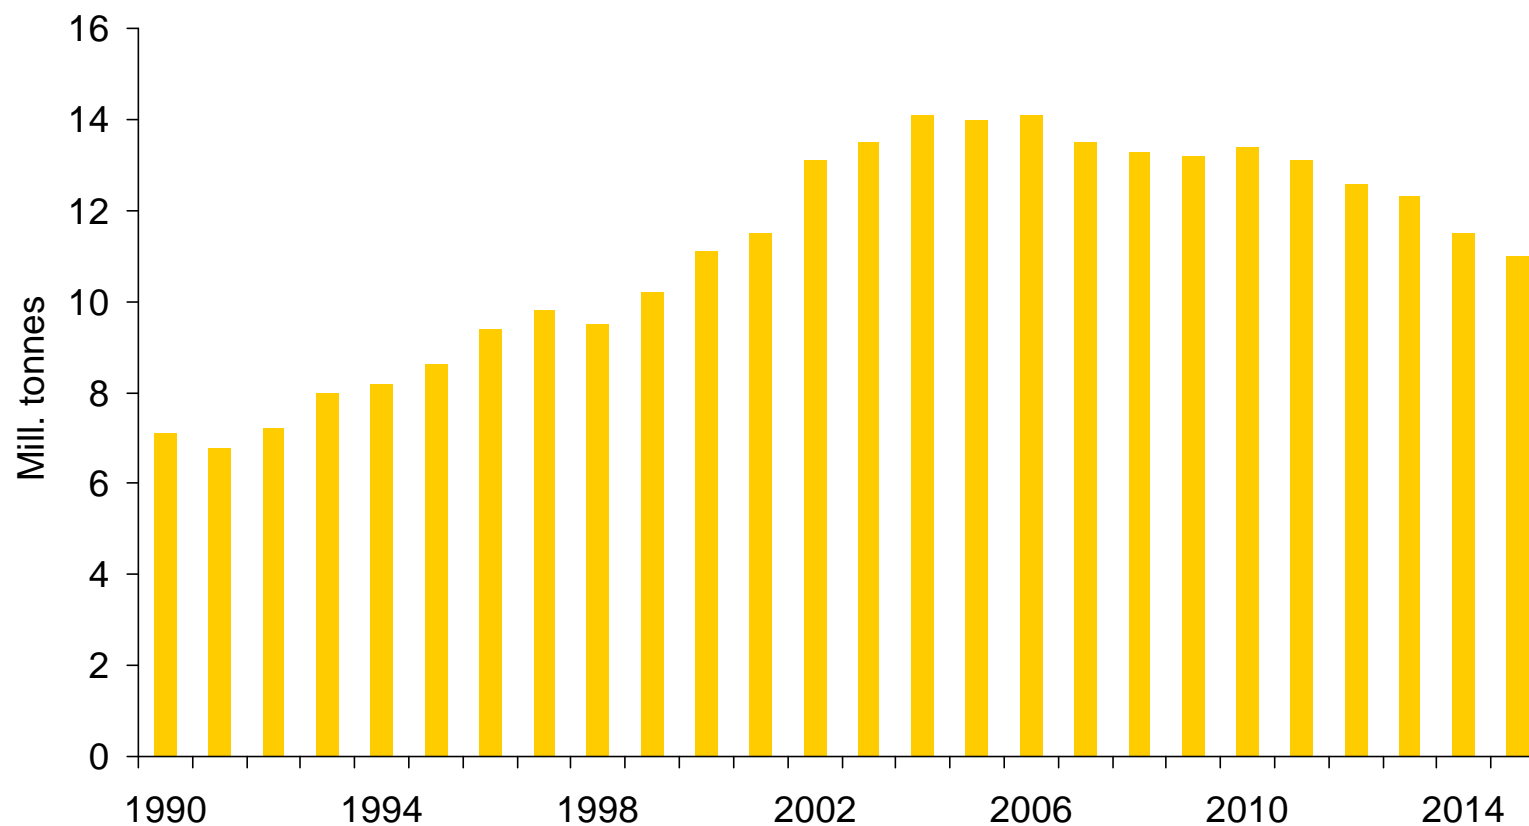

---

OLJE- OG ENERGI-DEPARTEMENTET

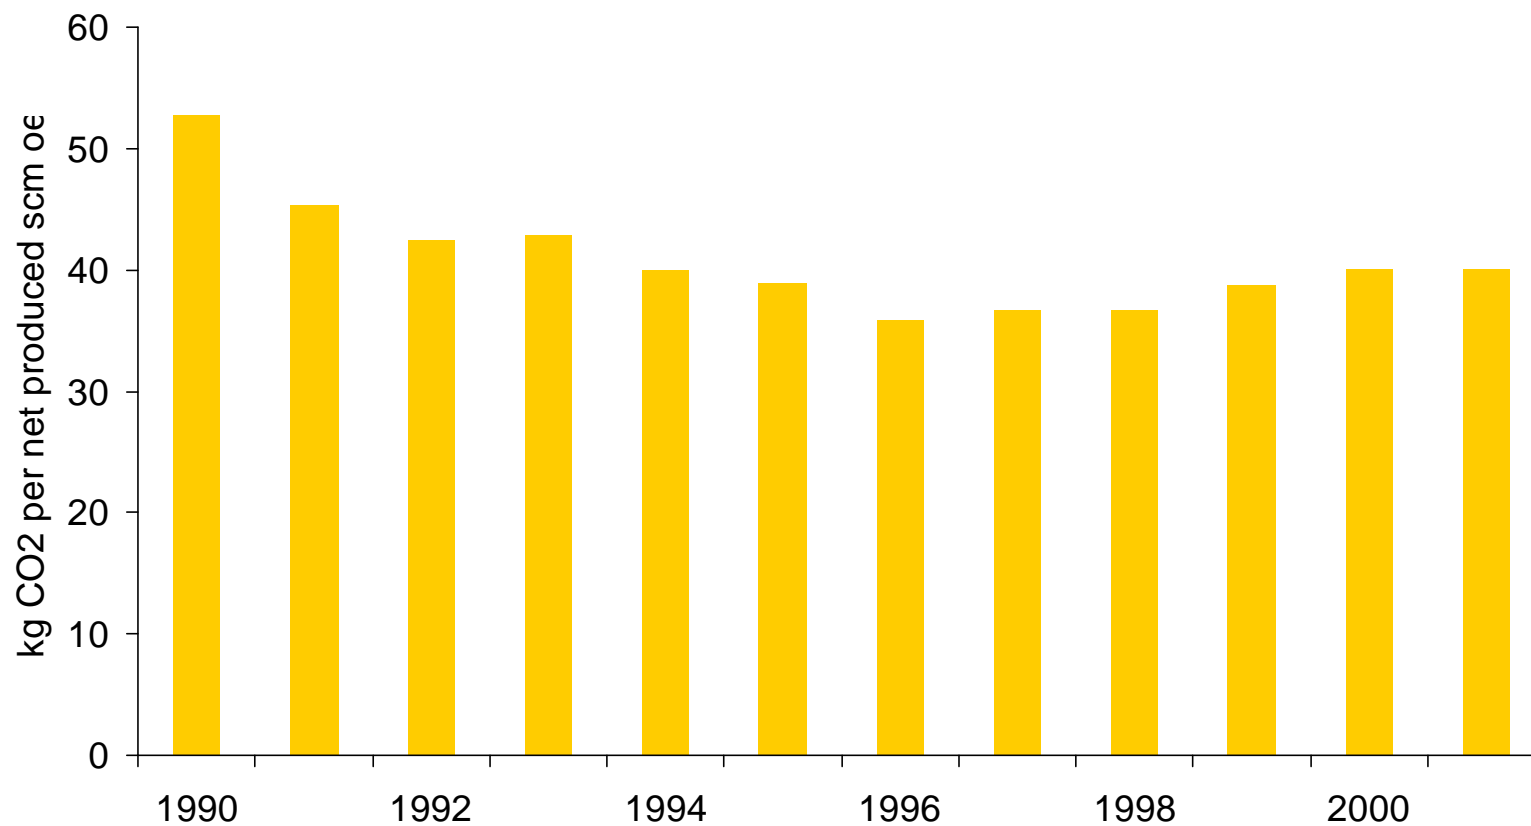

## Total emissions of carbon dioxide from the Norwegian petroleum sector

## Emissions of CO<sub>2</sub> per unit produced

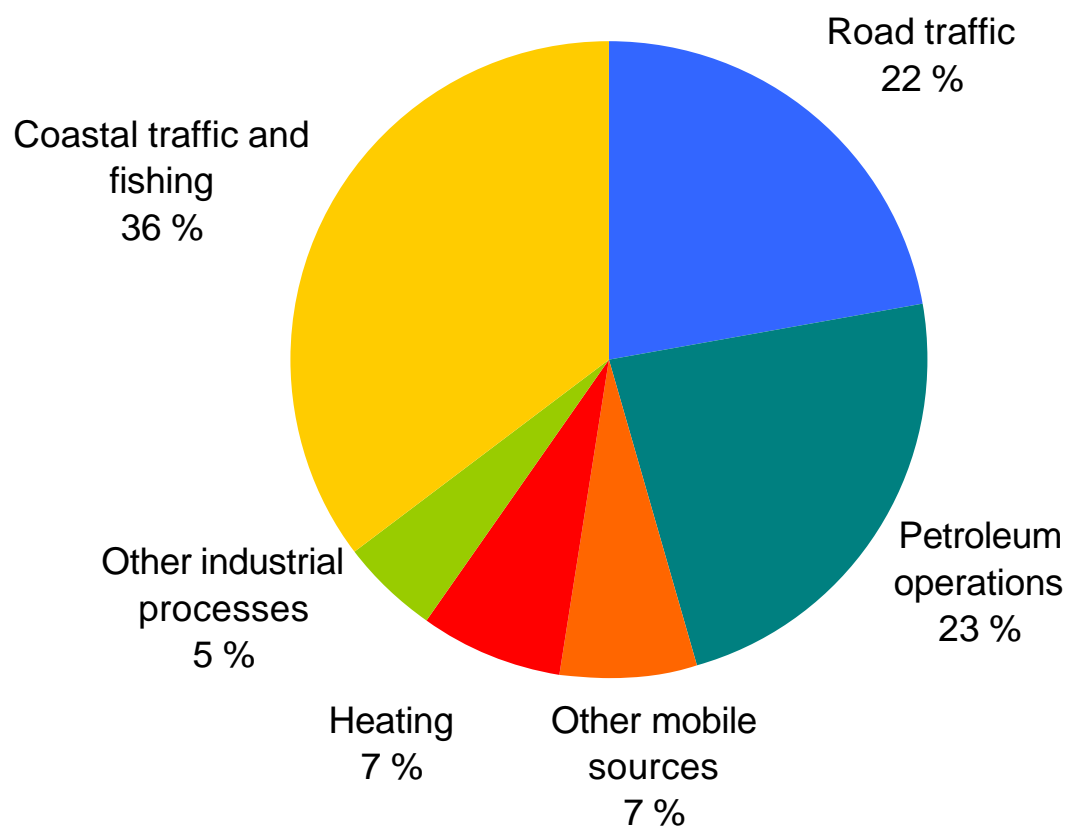

---

## Sources of nitrogen oxide emissions in Norway, 2000

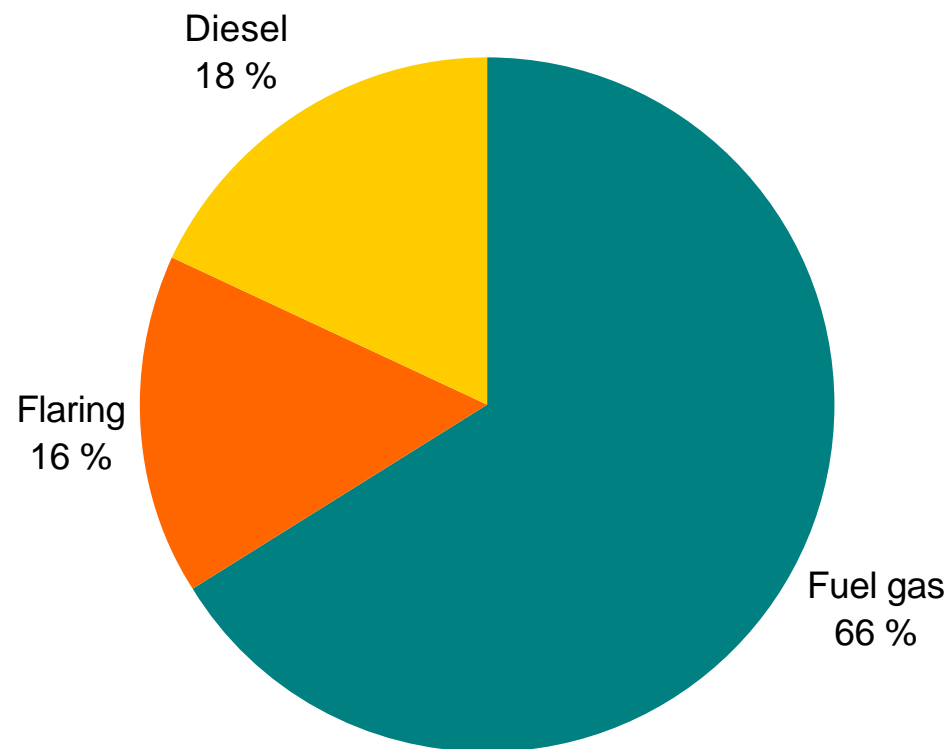

---

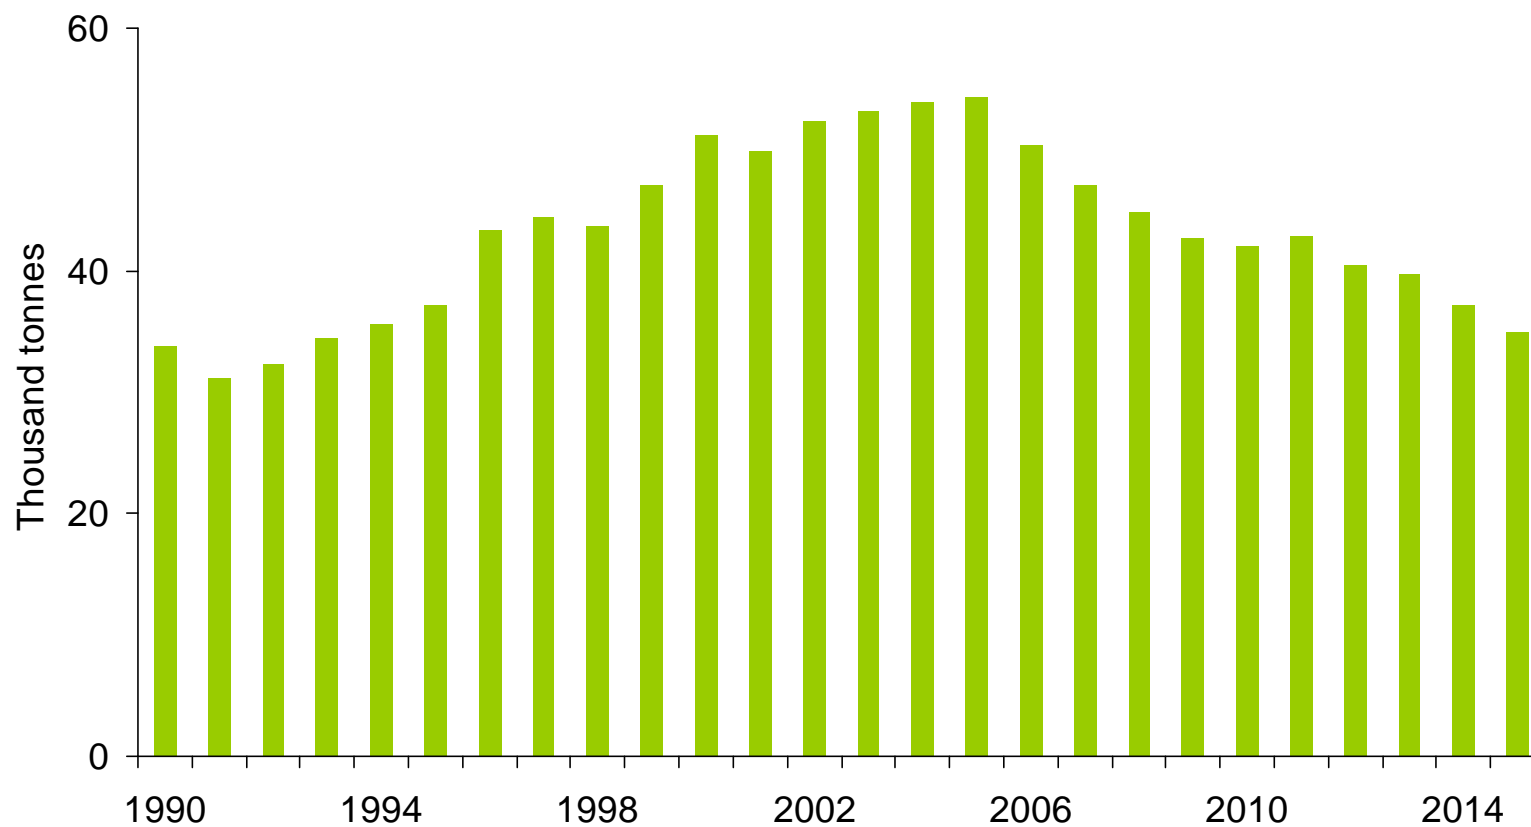

## Nitrogen oxide emissions from oil and gas production by source, 2001

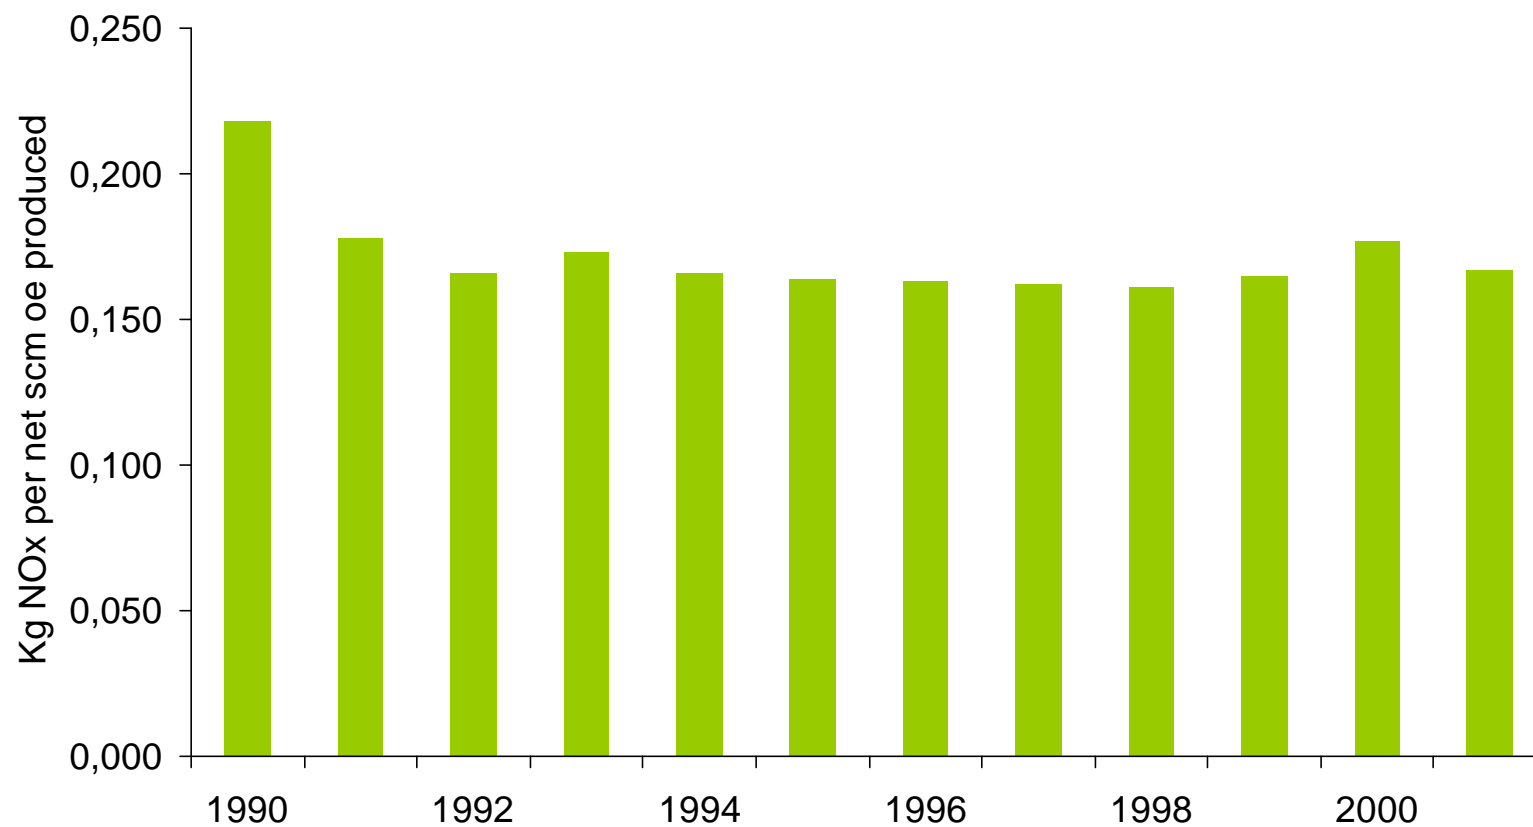

## Emissions of nitrogen oxides from the Norwegian petroleum sector

## Emissions of nitrogen oxides per unit produced

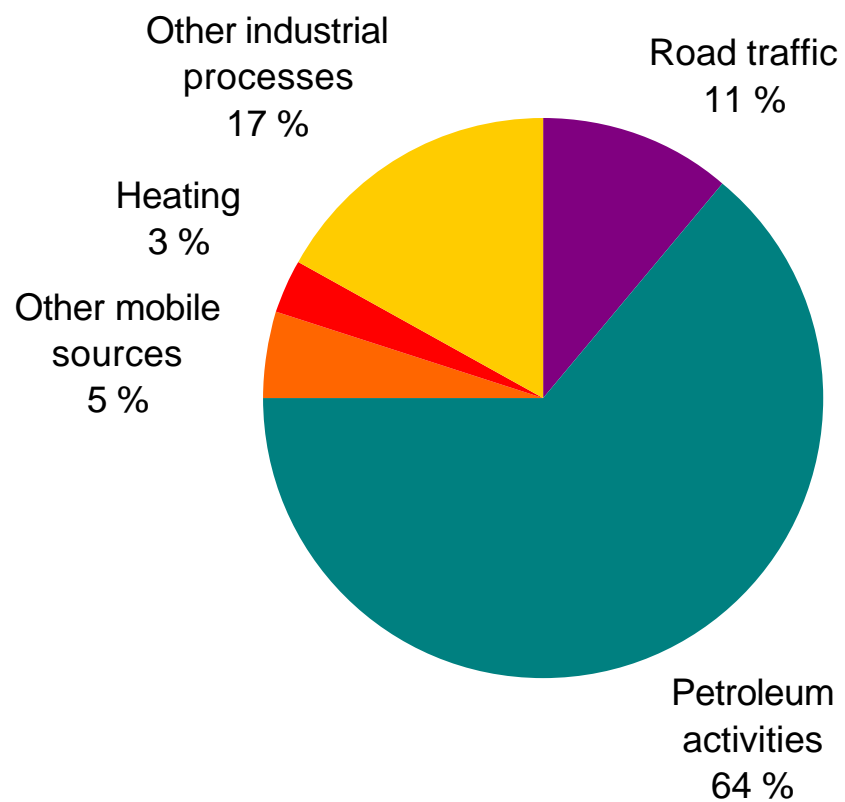

---

## Sources of nmVOC emissions in Norway, 2000

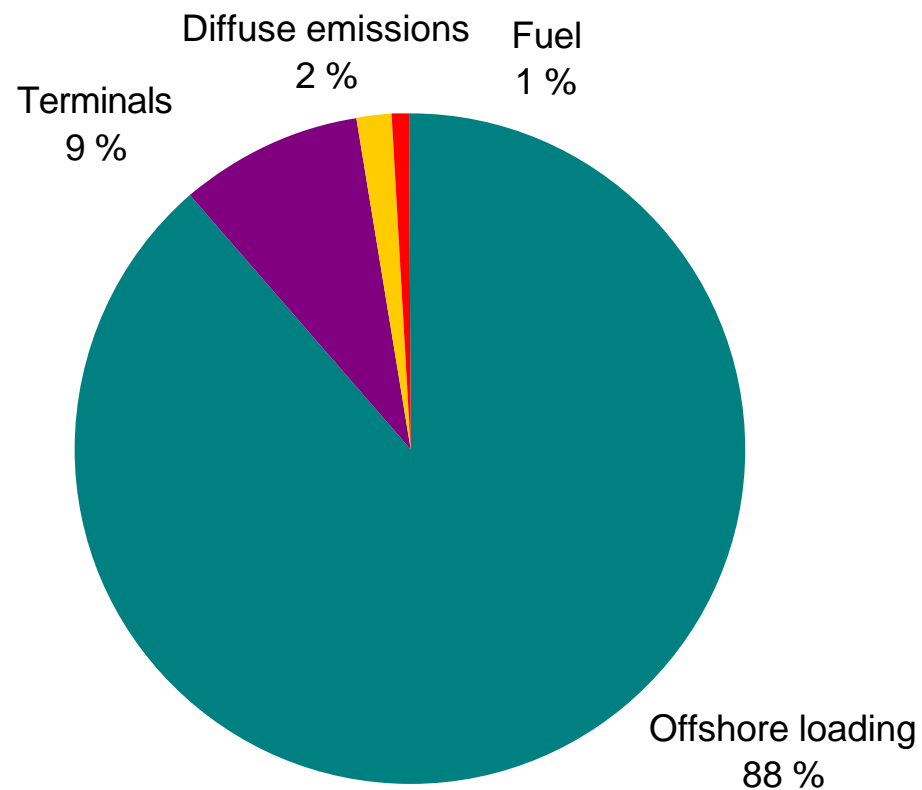

---

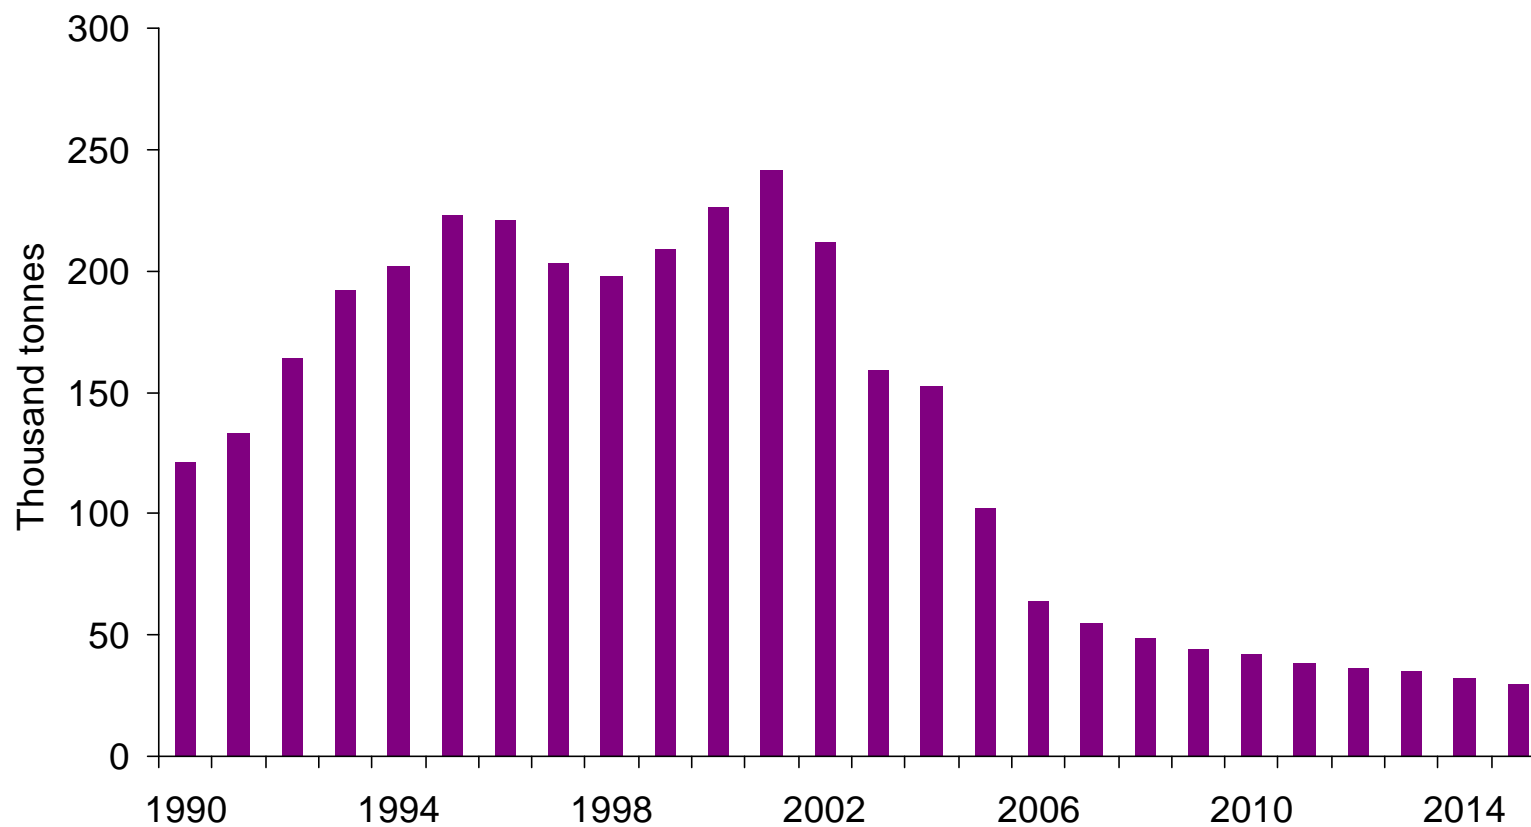

## Sources of nmVOC emissions from the petroleum sector

---

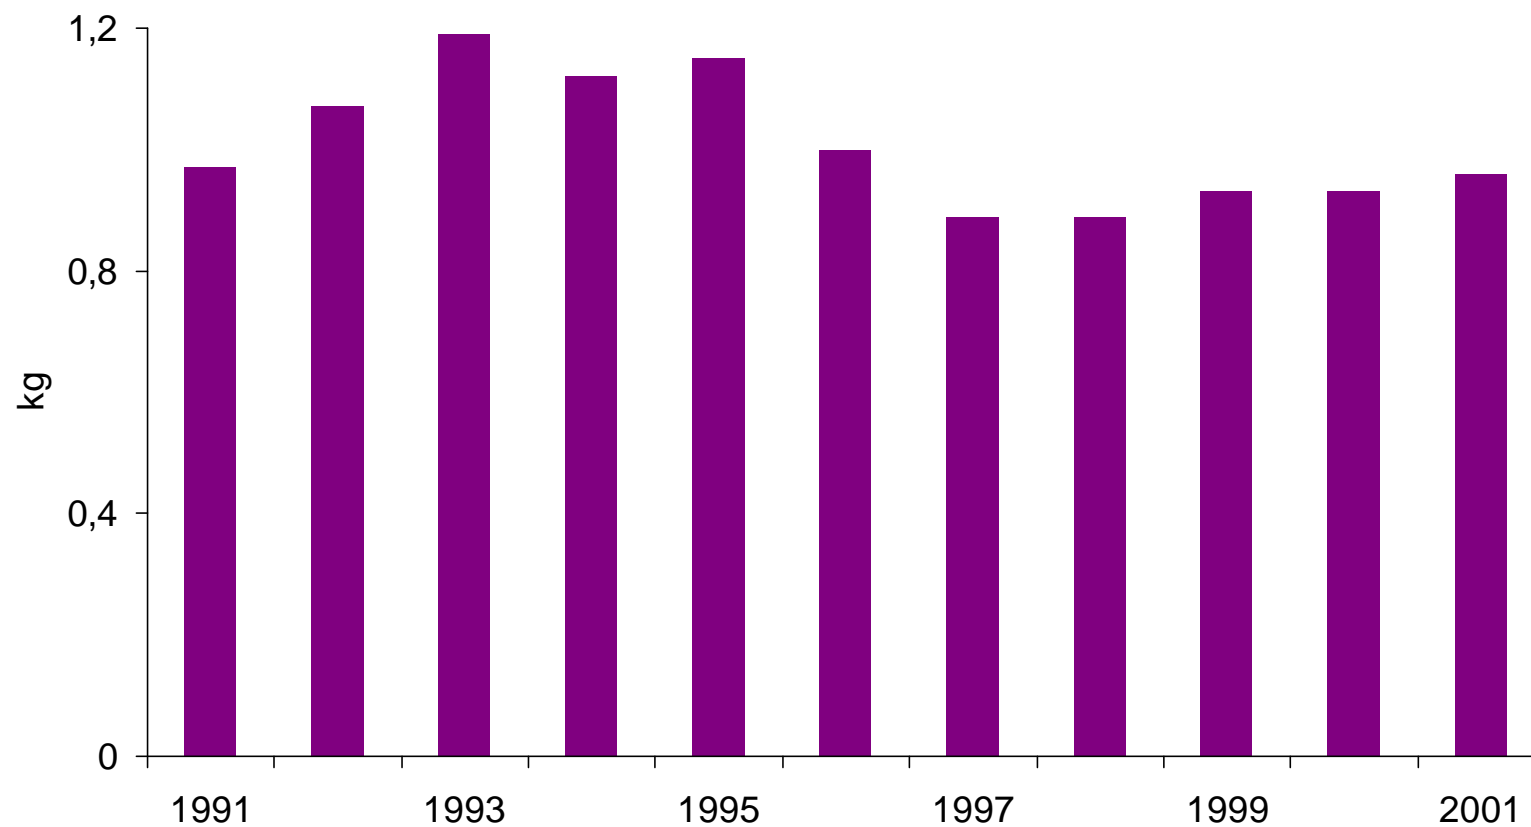

## Total emissions of nmVOC from the Norwegian petroleum sector

## nmVOC emissions per produced unit

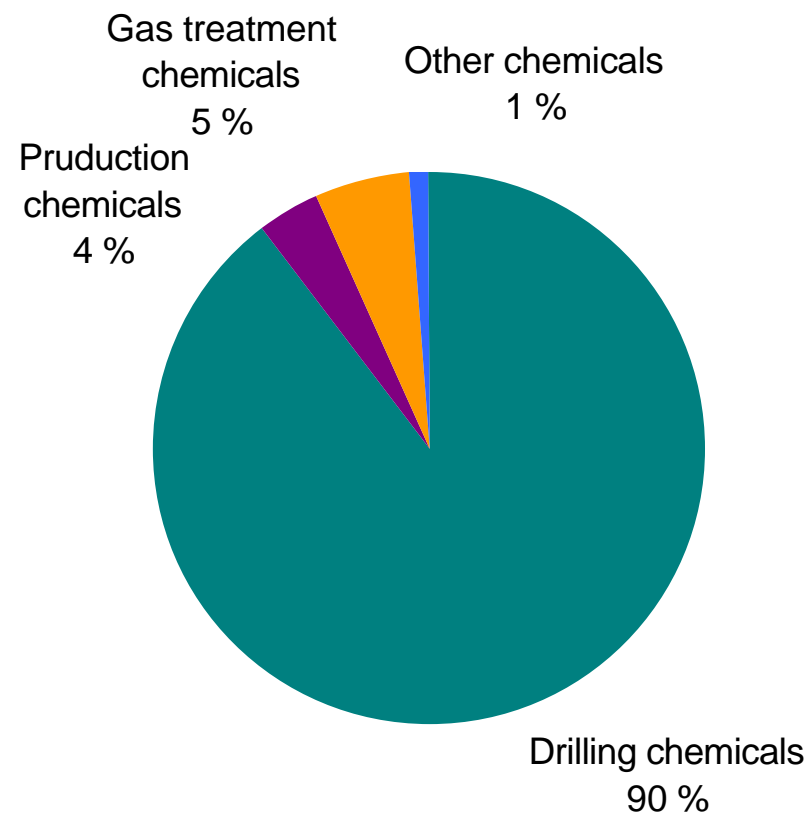

---

## Chemical discharges on the NCS by activity, 2000

---

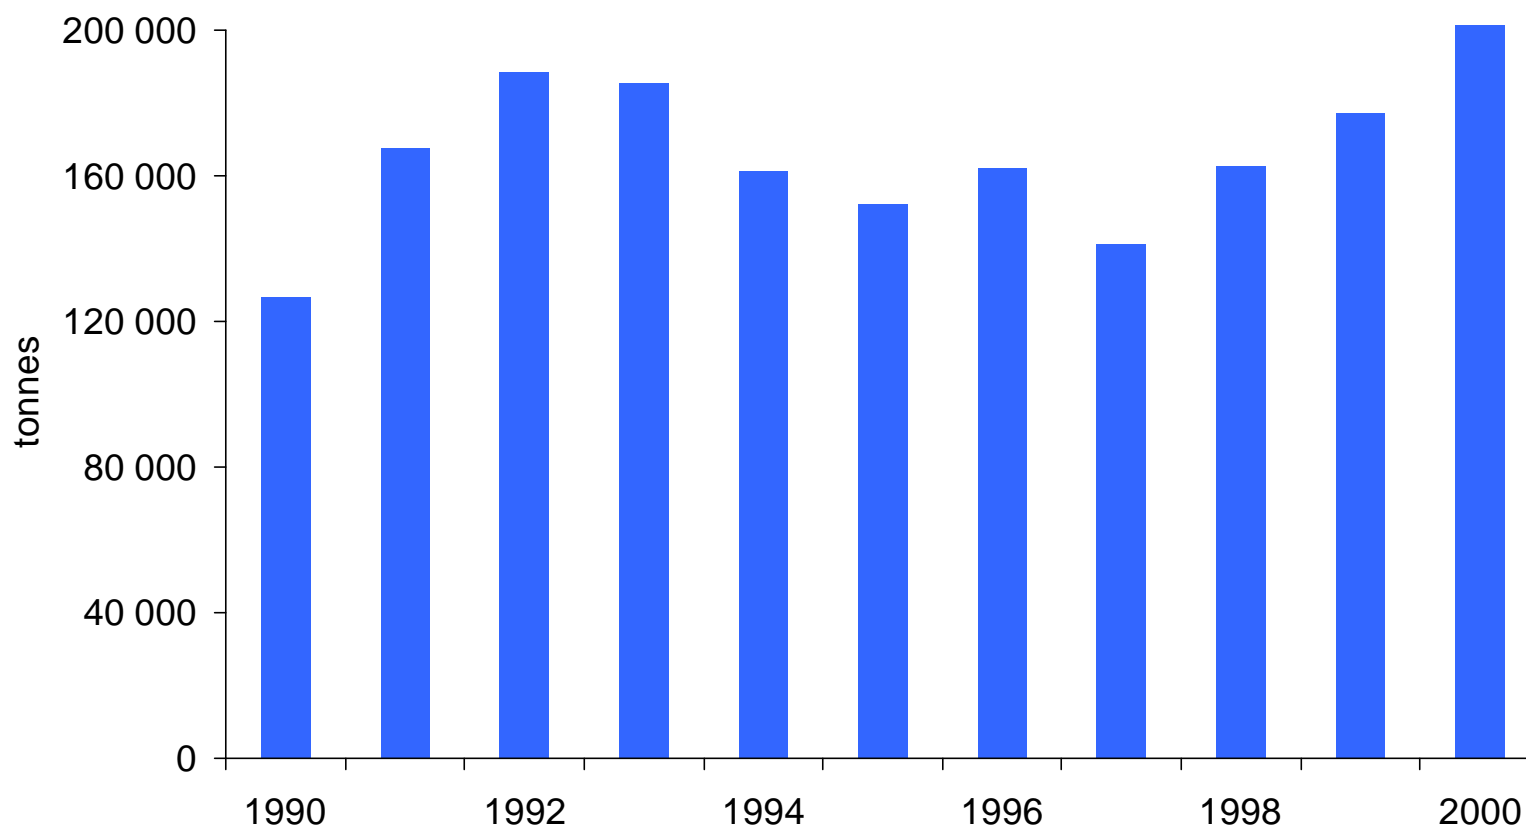

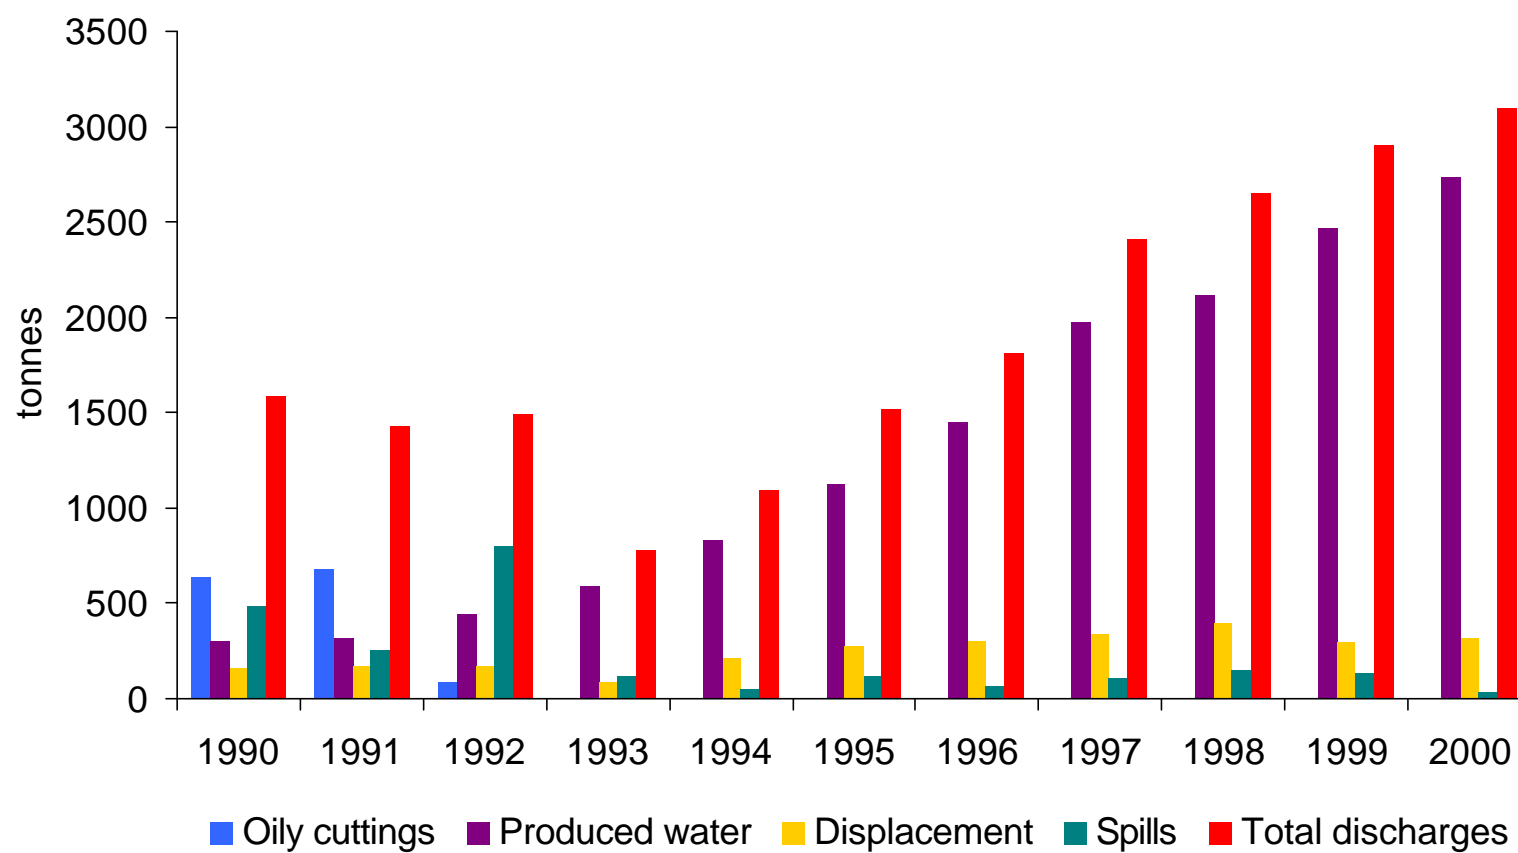

OLJE- OG ENERGI-DEPARTEMENTET

## Total chemicals discharged from Norwegian petroleum activities

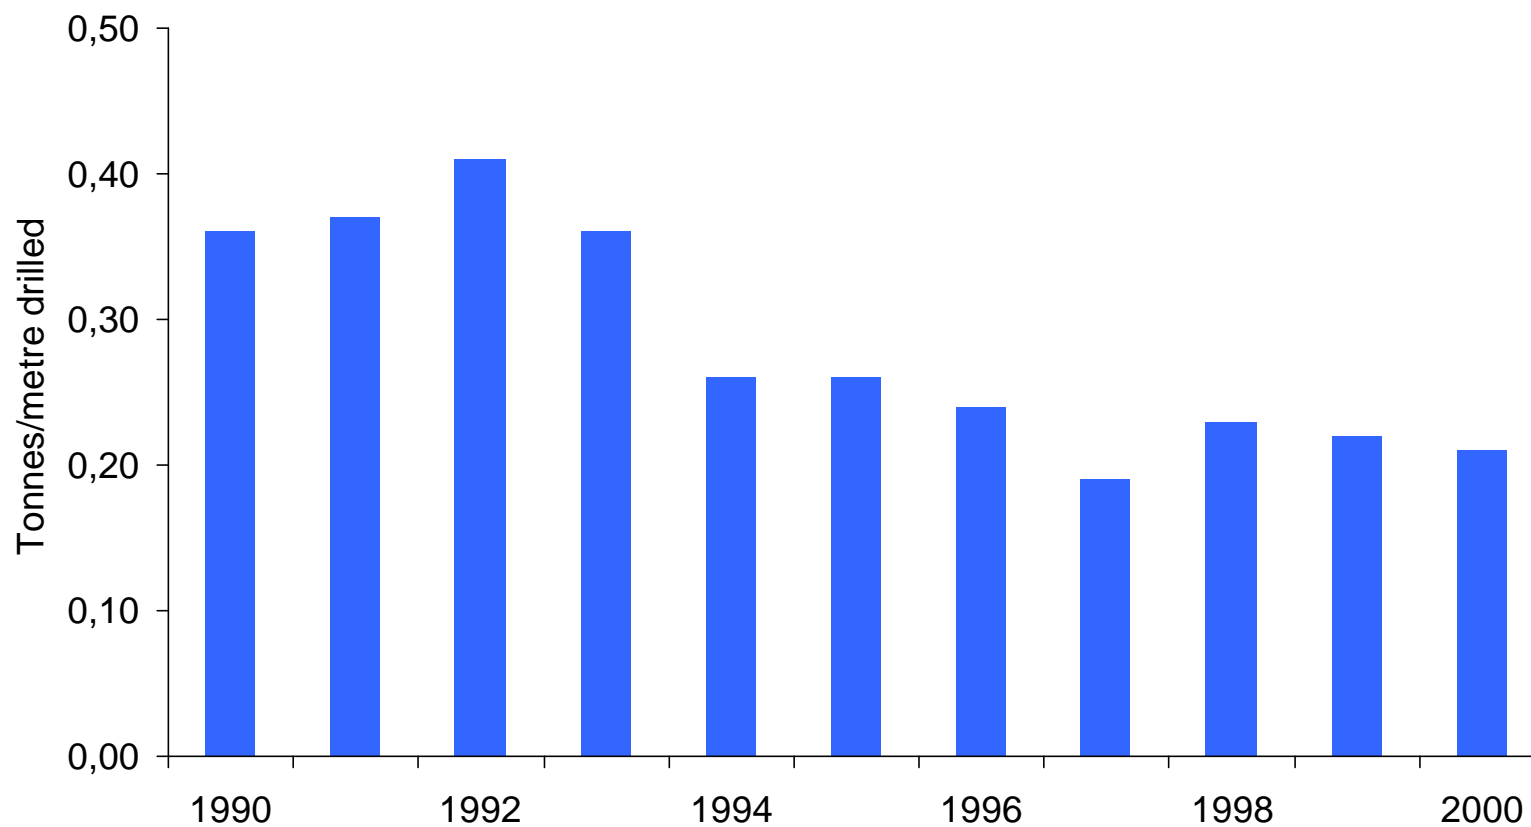

## Total oil discharges by source

## Discharges of drilling chemicals per metre drilled

---

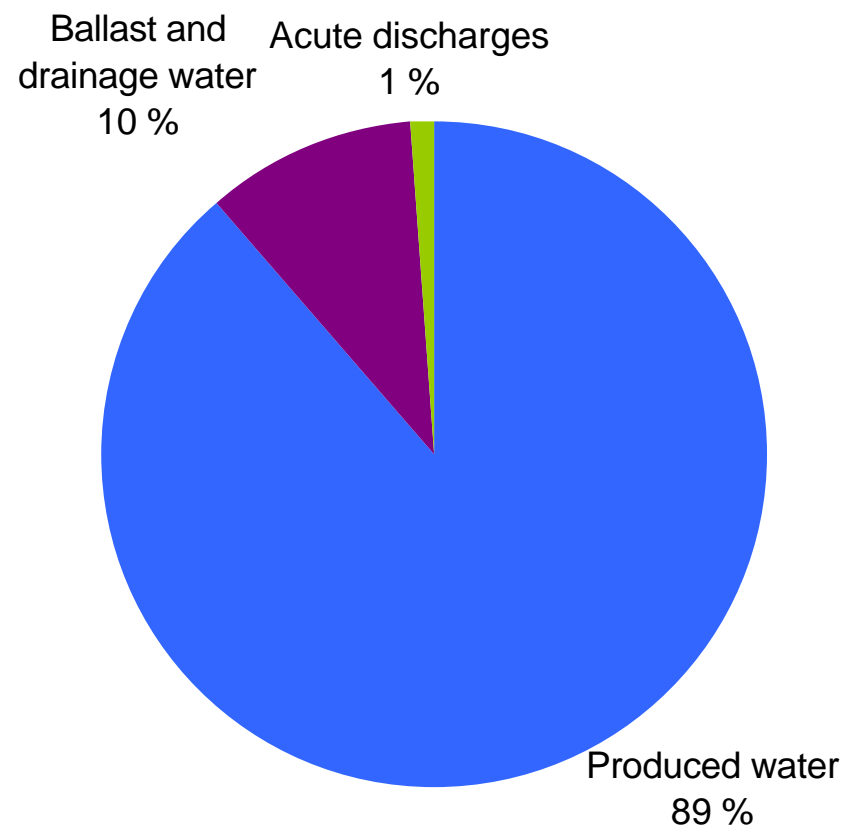

OLJE- OG ENERGI-DEPARTEMENTET

## Oil discharges on the NCS by activity, 2000

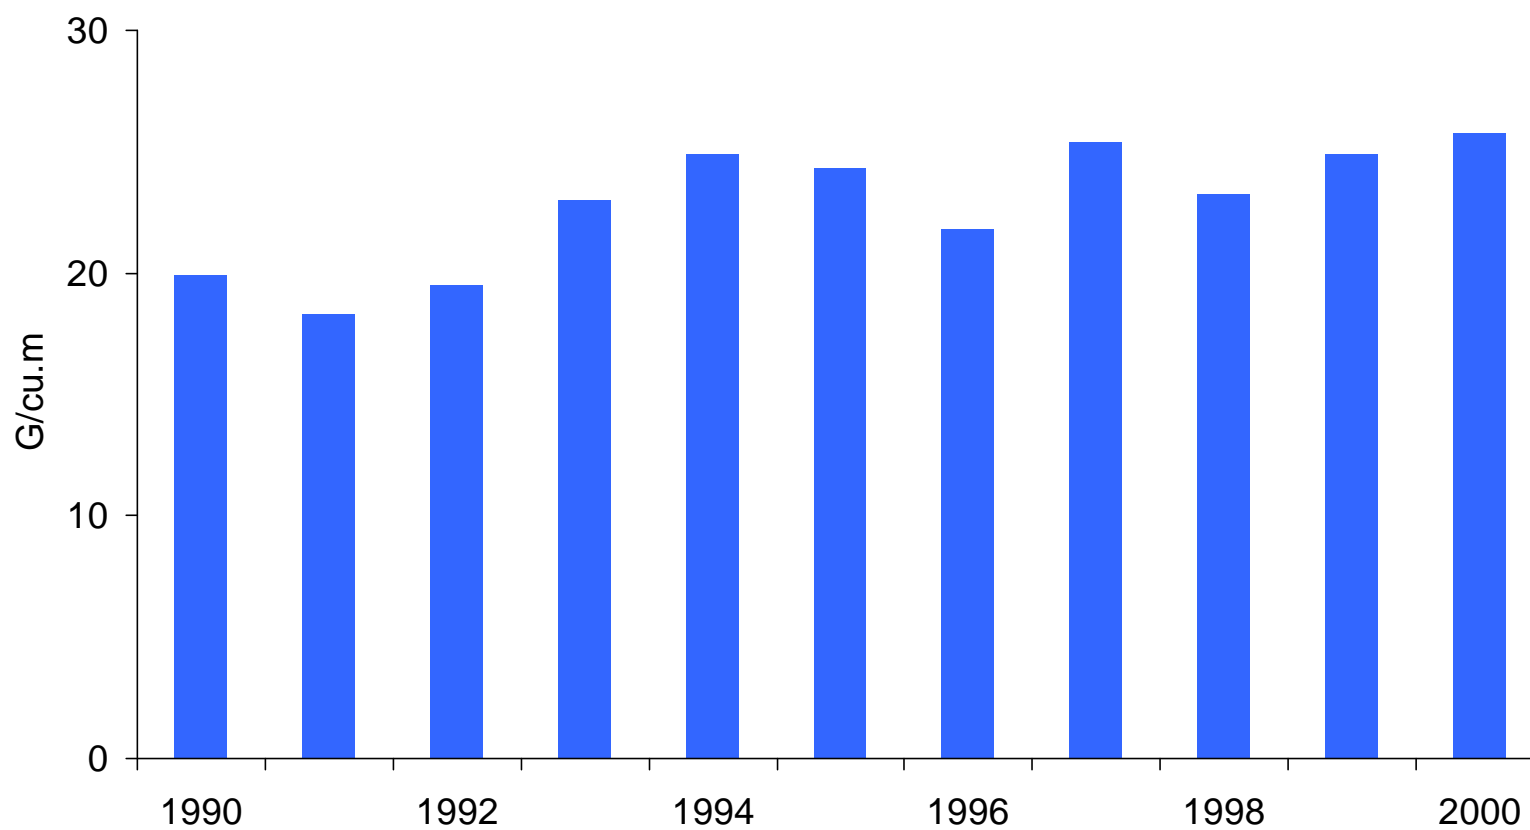

---

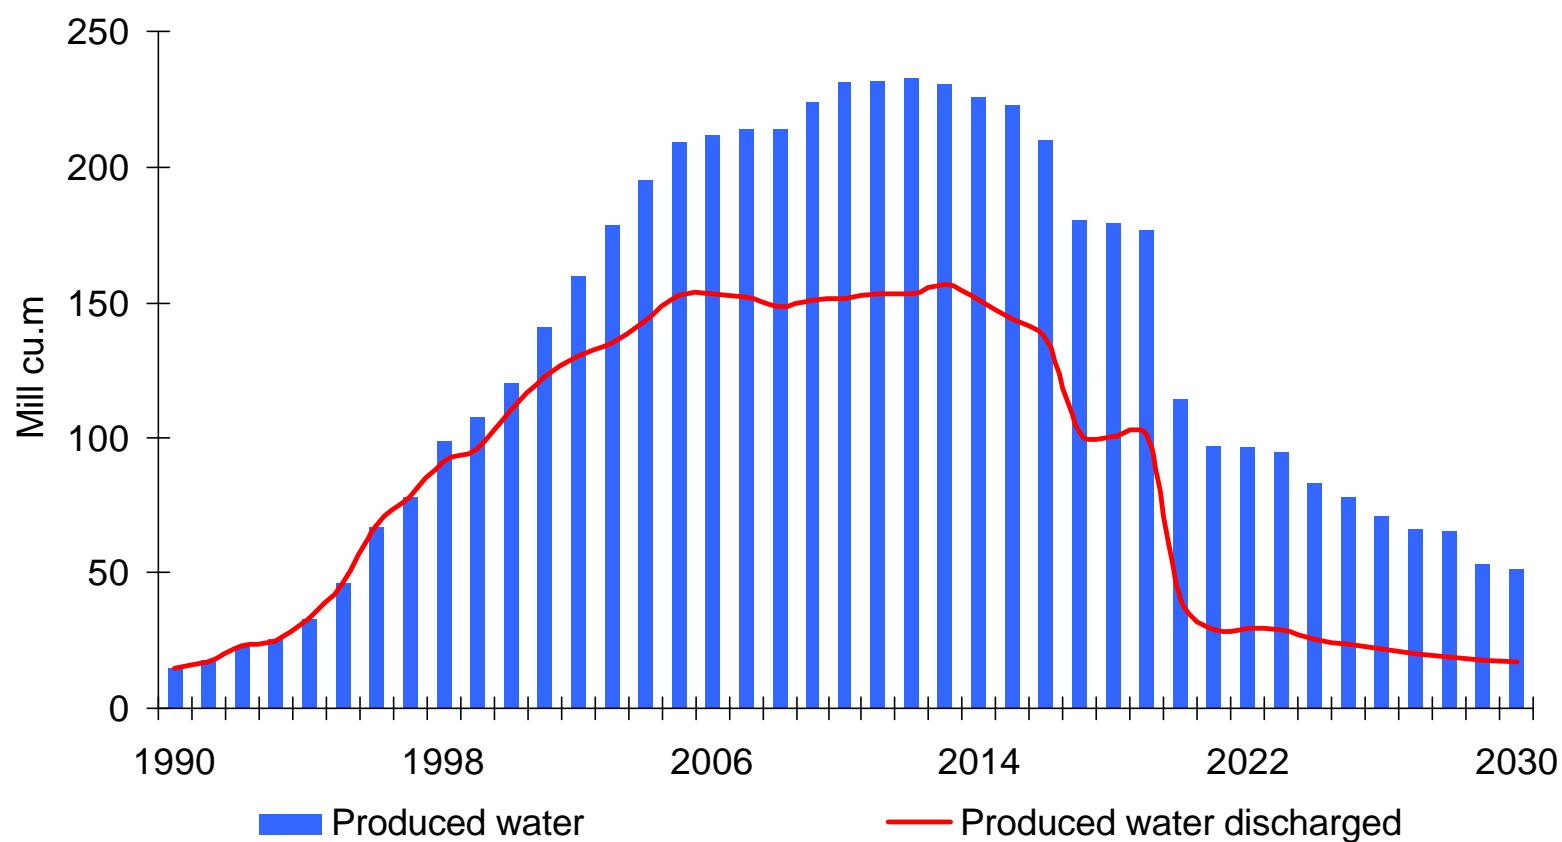

## Discharges of oil per cubic metre of produced water

---

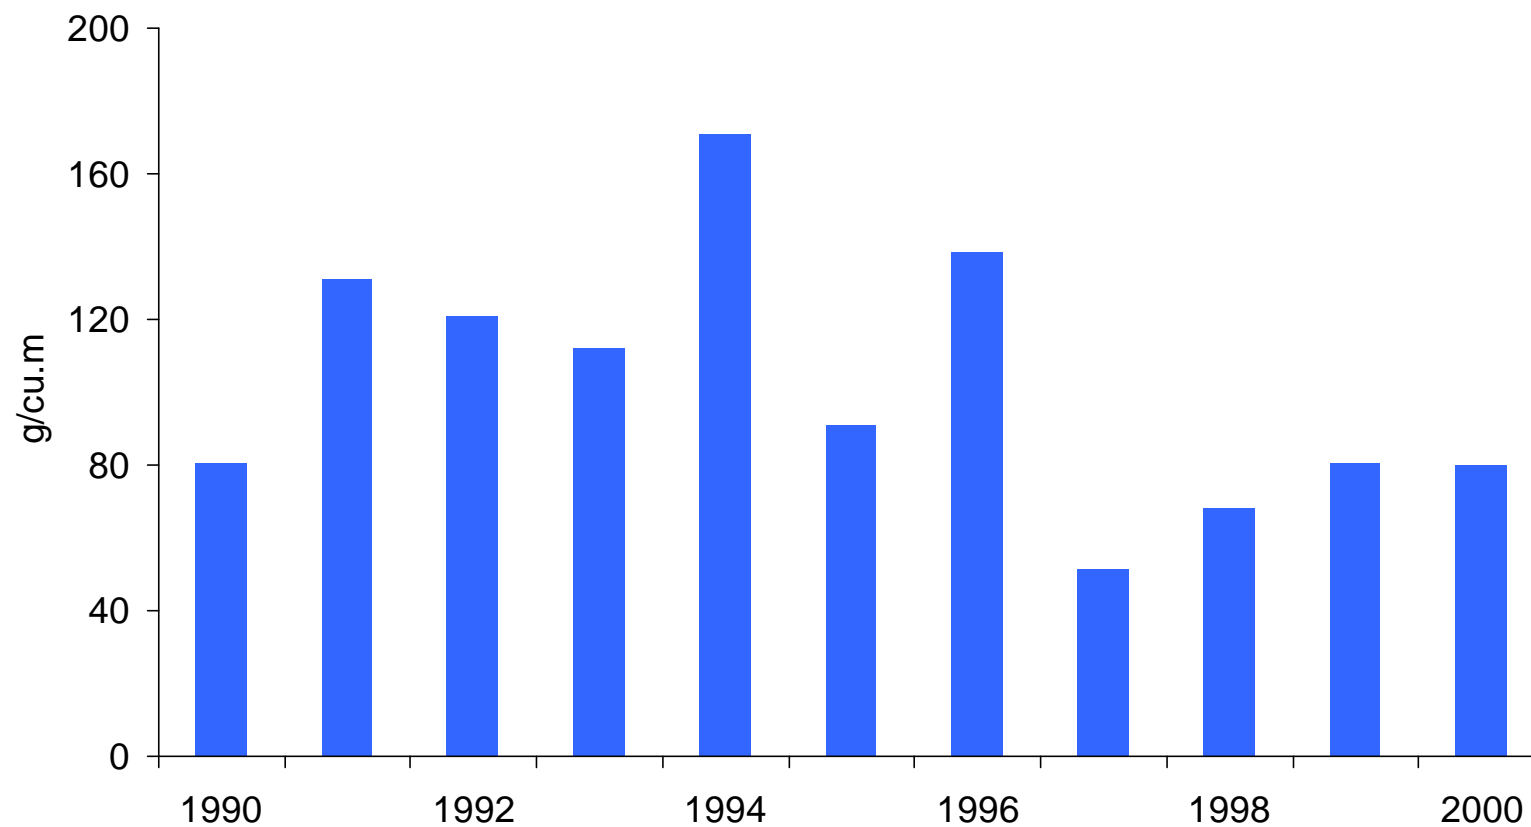

## Volumes of produced water and produced water discharged, historical and forecast

OLJE- OG ENERGI-DEPARTEMENTET

## Content of production, injection and pipeline chemicals in produced water

## Acute oil spills over one tonne
